

Table 1

Severity Likelihood	Slight harm (Superficial injuries, minor cuts and bruises)	Harmful (Minor fractures, ill health leading to minor disability)	Extremely harmful (Multiple injuries, major fractures, fatalities)			
Unlikely (Rarely happens)	Low risk	Low risk	Medium risk			www.climbvertigo.com
Likely (Often happens)	Low risk	Medium risk	High risk			
Very likely (Nearly always happens)	Medium risk	High risk	High risk			
Event/Activity (brief description):	Covid-19 Risk Assessment for activities					
Risk assessment completed by:	Role: Anthony Gray Activity Manager.		Date completed: 10/09/2020			
Risk assessment due for review (must be reviewed with every change to either the activity or government guidance on coronavirus safety measures):	Date:18/09/2020					
Hazards What could cause harm or damage?	Who or what is at risk of being affected and how?	What are you already doing? How have you reduced the risk already?	Likelihood of risk occurring (L/M/H)	Severity of risk (L/M/H)	Are further controls necessary? What else needs to happen to reduce the risk to an acceptable level?	Action by: name/date
Coronavirus infection Risks below are in consideration of this risk and reducing it to an acceptable level.	All attendees from spread of virus through close contact.	Group sizes are kept to a maximum of 12 participants in schools ensuring bubbles do not mix. For private events a maximum of 5 participants will be permitted.	L	H	Ensure all participants adhere to social distancing where possible. All Activities to be done outside.	
Participants.		Check with participants leader that there are no known symptoms or reported positive cases within the group	L	H	All participants to wash their hands prior to taking part in the activities and after completing the activities.	
From staff		Make sure all staff have no symptoms and must not attend work if they or anyone in the household is showing symptoms of Covid-19.	L	H	All staff to wear face coverings during bookings and regularly wash their hands or use hand sanitiser throughout the day.	
Hazards What could cause harm or damage?	Who or what is at risk of being affected and how?	What are you already doing? How have you reduced the risk already?	Likelihood of risk occurring (L/M/H)	Severity of risk (L/M/H)	Are further controls necessary? What else needs to happen to reduce the risk to an acceptable level?	Action by: name/date
From close contact between people		All attendees aware of social distancing requirements and able to maintain them. Ensure there is a space where anyone who starts to display symptoms of Covid-19 can wait away from the group to be collected as soon as possible. Shared equipment to be minimal. Any surfaces or equipment touched by multiple people to be cleaned before and after activity and hands to be washed or sanitized after touching shared equipment.	L	M	Check government guidance on mask wearing and mitigating actions for your activity and ensure these are followed.	
From close contact between staff		Face coverings to be worn during sessions and used within first aid if social distance cannot be maintained (Gloves to be worn when administering first aid. Shared equipment to be minimal. Any surfaces or equipment touched by multiple people to be cleaned before and after activity and hands to be washed or sanitized after touching shared equipment.	L	M
